Commissioner For Patents
P.O. Box 1450

Dear Sir:

While Applicants agree in part with the Examiner's stated reasons for allowance, Applicants note that the reasons for allowance merely paraphrase the language of only one of the allowed claims. The allowed claims define unique combinations of limitations not found in the prior art. The stated reasons for allowance should be interpreted as highlighting only some of the reasons why the claims are allowable.

Application No.: 10/800,707

Docket No.: M4065.0635/P635-A

The scope of the claims should be interpreted based on the actual language of the allowed claims. Limitation of the claims should not be inferred from the Examiner's Statement of Reasons for Allowance.
